

BE HEARD — With the New AllClear™ Noise Cancelling System from Stone Mountain!

The **PHOENIX** AllClear™ speaker mic utilizes two omni-directional microphones and active circuitry to boost critical signal-to-noise (S/N) ratio. Unlike existing industry standard passive approaches, the AllClear™ noise cancelling system applies precision phase shifting to reduce background noise while significantly enhancing voice intelligibility. The rugged, IP68 waterproof AllClear™ **PHOENIX** speaker mic is ideally suited for fire fighting, law enforcement, heavy industrial, railroad, mining and transportation applications.
